## Capital Works Update

### The Multi-Purpose Shed at Walkerville Oval

The existing shed and compound demolition has occurred. The new solid fence between the site and Kindy has been erected over the Christmas break. The Kindy will **reopen** for the 2020 year on **Monday 28 January 2020**.

The contractor, MYKRA Pty Ltd has indicated the new multi-purpose shed will be complete by the mid-February 2020, weather permitting.

### Road Reseal Program

Road reseal program for next week is as follows:

Monday 20/1 – Elm Street & Creswell Ct

Tuesday 21/1 – Cluny Ave & McArthur Street

Wednesday 22/1 – Angas Ave

Thursday 23/1 – Arundel St & Ware St.

Friday 24/1/ - Hay St.

Profiling of existing surfaces will occur prior to asphalt laying. The profiler will work ahead of the asphalt laying crew and profiling will be completed by Wednesday 22 January 2020.

Smaller streets will each take approximately 5 hours to complete, with the longer streets taking a full day.

Residents will be notified 48 hours ahead of works occurring and traffic management will be in place before commencement.

Works will commence at 7 am each day and be completed by 6 pm.

# SUMMER READING CHALLENGE

Our Summer Reading Challenge for children and young people starts in December. This year's theme – A roomful of stories – celebrates the International Year of Indigenous Language with a focus on the use of oral language story telling. Every person has a tale to tell, and the language used to express that story is a vital component in the story-telling.

**TO START, COLLECT YOUR READING CHALLENGE PACK  
FROM THE WALKERVILLE LIBRARY IN DECEMBER.**

Fill in a reading log with every book read or heard (audiobooks) or read to. There are instant prizes for children each time they return a completed reading log to the Walkerville Library.

Every completed reading log also goes into the draw to win a \$50.00 voucher from Dymocks Adelaide (one voucher for children up to 5 years and one voucher for children 6 years and up).

**JOIN THE CHALLENGE**

# Street sweeping helps keep the Township clean

**Our street sweeping trucks drive by your street approximately every 4 weeks to keep the gutters clean.**

This not only keeps our streets looking clean and tidy, it also helps protect our environment by removing leaf litter and debris before they enter the stormwater system. It also reduces the chance of flooding in the event of heavy rain and importantly clean streets ensuring our roads are safe for motorists, cyclists and pedestrians.

Council also runs seasonal programs as required when there is increased leaf and berry fall. Additional sweeping is also undertaken to manage autumn leaf fall within the Township.

At times impacts from weather can slow us down. Recently the extremely hot weather resulted in a dramatic increase in the number of trees dropping their leaves slowing our sweeper down.

Our sweeper also has to stop to spread materials that have been placed into piles. While we appreciate the efforts of residents to pile leaf litter our street sweepers cannot pick up these piles. Leaving the leaf litter spread in the gutter helps keep our sweepers moving.

Our street sweeping programs are seasonally adjusted to effectively manage the level of risk in streets where issues are present generally relating to street tree litter.

Details about our street sweeping program\* are available below.
