Council secures future of Walkerville Sports Club redevelopment

Town of Walkerville is pleased to have received an election funding commitment of \$4 million for the redevelopment of the Walkerville Sports Club from Liberal candidate for Adelaide, Julian Amato, and an elected Hurn Liberal Government.

This funding will match Council's own commitment of \$4 million in funding to redevelop the clubrooms at Walkerville Oval.

A revitalised Sports Club will help alleviate the growing strain on our local sporting clubs – across football, cricket, softball and netball – which are struggling to keep up with the growing demand for sporting opportunities for female and junior players.

Mayor Melissa Jones said Council welcomed the election commitment from Julian Amato and from an elected Hurn Liberal Government, which would help progress the Walkerville Sports Club redevelopment.

"The Walkerville Sports Club has long required an upgrade to meet the needs of our community. With several major projects in the surrounding area now complete, this investment will also bring the Sports Club in line with the high standard of facilities delivered for the Walkerville Bowling & Community Club and The W: Walkerville Recreation Centre," Mayor Jones said.

"Council recognises that Walkerville is a growing sporting community, and with that growth comes increasing demand for improved facilities, particularly to support the rising number of female and junior participants in sport.

"A new building will ensure these participants, along with the broader community, have access to a modern facility that supports health, wellbeing and participation.

"The redevelopment of the Walkerville Sports Club represents an important step toward completing Council's sport and recreation hub in the heart of the Township, further enhancing quality of life for individuals and families in Walkerville and beyond."

A brand-new, purpose-built Walkerville Sports Club is planned to include clubrooms, four AFL-compliant unisex changerooms and umpire rooms, bar and function room, canteen, modern storage facilities, improved carparking and accessible facilities.

Julian Amato, Liberal candidate for Adelaide, said that investing in sport and recreational facilities is an important focus for an elected Hurn Liberal Government at the next election.

“I am delighted to announce that if a Hurn Liberal Government is elected at the upcoming State Election on 21 March, we'll be investing \$4 million into delivering a brand new, purpose-built facility.

“I want to thank the Walkerville Council for its collaboration on this proposed project and am pleased that it will be matching our investment into the club to provide an upgrade to ageing club rooms, female-friendly, compliant AFL change rooms, modern storage facilities, a bar and function room and better accessibility for all community members to enjoy.”

This announcement follows a funding commitment from Member for Adelaide, the Hon Lucy Hood MP, and a re-elected Malinauskas Labor Government, who also committed \$4 million towards a redevelopment of the Walkerville Sports Club.

Upgrade set for VPPS student crossing

Council has welcomed an election funding commitment from Meagan Spencer, Labor candidate for Torrens, and a re-elected government led by Peter Malinauskas to invest \$100,000 toward converting the existing crossing at Vale Park Primary into a flashing lights crossing.

This contribution, which would match Council's funding, would deliver a \$200,000 safety improvement for school children crossing Tonkin Street in Vale Park.

Council has been working with Vale Park Primary School to implement important road and traffic improvements around the school, helping ensure students, road users and the wider community can travel through Vale Park safely.

This announcement follows another election funding commitment from Meagan Spencer and a re-elected Malinauskas Labor Government to provide a \$400,000 grant to redevelop Levi Oval in Vale Park.

Matching Council's own funding commitment to the project, it will allow for a \$800,000 redevelopment of the underutilised second oval in the Township.

Library Board visits Walkerville

On Tuesday, the State Library of South Australia Board visited the Walkerville Library as part of its recent Board Tour.

The last time the board visited the Town of Walkerville was in 2021, and members were pleased to see how well-kept the Library was five years later.

Board members were able to learn more about our little local library, the programs it has implemented and gain a stronger understanding of the communities it serves.

Your Art, Our Walls exhibit – The Crafty Brum

The first artist exhibiting their work through Council's Your Art, Our Walls initiative – The Crafty Brum – is now up for display in the Theresa Walker Gallery.

Kate Jones from The Crafty Brum is a South Australian artist who spent almost a decade living in Birmingham, England (otherwise known as Brum). She established herself there as a visual artist, exhibiting and selling her work.

She used her work to connect with the city and express all that she loved about it. Since moving back to South Australia, she has been re-exploring her connection with home.

Her work is heavily influenced by her life, where she lives and how these places and experiences have moulded her.

Kate's work combines architecture and nature, celebrating their stark contrasts, and is forever developing, from illustrative work, lino printing, collage, watercolour and, now, acrylic medium.

Kate from The Crafty Brum will be exhibiting at the Theresa Walker Gallery until 29 May 2026.

Are you looking to showcase your work and take your artistic practice to the next level in 2026?

The Town of Walkerville invites artists to submit an Expression of Interest (EOI) for upcoming exhibition opportunities at the Theresa Walker Gallery, located within the Civic & Community Centre. To learn more or to put in an application, [click here](#).

Draft Disability Access & Inclusion Plan consultation

The Town of Walkerville has created a draft Disability Access & Inclusion Plan for 2026-2030.

This plan aims to improve disability access and inclusion within the Township, and ensure people with disability - of all ages and abilities - have the opportunity to live active, connected and fulfilling lives in Walkerville.

- inclusive environments and communities;
- education and employment;
- personal and community safety; and

Council wants to get feedback on the draft Disability Access & Inclusion Plan to ensure it is appropriately meeting the needs of our community, as well as understand if anything is missing from the draft Plan that Council should consider.

The consultation on the draft Disability Access & Inclusion Plan 2026-2030 will close at 5pm on Friday, 27 March 2026.

For more information or to undertake the online survey, head to [Your Say Walkerville](#).

Let's reminisce: McBride Hospital

Hawker's mansion in Briar Avenue, Medindie, 'The Briars', was set up in 1914 as a maternity hospital run by the Salvation Army. It was named McBride's after the man who donated the money for its purchase.

McBride's played an important part in training obstetric nursing. The honorary medical officer from 1914 to 1940 was Adelaide medical graduate, Dr Phoebe Chapple. There was one other maternity training hospital, established in around

this time in Rose Park called the Queen's Home (which became Queen Victoria Hospital), which only admitted married women. Ultimately, there was a move to improve the care of premature babies and reduce the mortality rate for mother and child. Through the training of midwifery nurses, other hospitals opened up maternity wards. McBride's pioneered some aspects of care and child adoption procedures.

At McBride's, unwed mothers were housed downstairs and married women were accommodated upstairs. In those days, women were confined for much longer, up to six weeks after the birth of their child. The unwed mothers worked in the laundry to help cover the cost of their stay, which was about three to six months. During that time, they learnt how to care for their baby. In most cases though, the babies were adopted.

By the 1970s, things changed. There were less unwed mothers seeking help and more hospitals with maternity wards. With the introduction of welfare for single mothers and measures to liberalise the law relating to abortion, meant that the need for adoptions eventually dwindled.

McBride's ceased to operate exclusively as a maternity hospital in 1975 and became a convalescent hospital. The hostel for single mothers closed in 1983, and the convalescent hospital closed in 1986. McBride's, with its 30 rooms, was put up for sale.

This throwback is part of Town of Walkerville's monthly history series, touching on iconic and famous moments, people and places in Walkerville history. The history of the McBride's Hospital was researched and collected by local historian, Lyn O'Grady.

Illegal dumping in the Township

Council's Community Safety Team has received 12 reports of illegal dumping in the Township in January, highlighting a growing issue within the community.

Illegal dumping not only harms our environment and diminishes community aesthetics but also presents health and safety risks.

Under the *Local Nuisance Provision 2016* in South Australia, illegal dumping is classified

as a nuisance offence, which can bring fines of up to \$1,000 for individuals or higher penalties for repeat offenders or corporate entities.

To help mitigate this issue and promote responsible waste disposal, Council recommends residents do the right thing when getting rid of their waste, including:

- use authorised waste disposal facilities and services, such as booking with East Waste for hard waste collections;
- recycle properly and reduce general waste;
- report suspected illegal dumping promptly to the Council; and
- be aware of the penalties associated with illegal dumping, including fines and expiation notices.

To report illegal dumping, contact Council on 8342 7100.

Future of South Australia's libraries depends on updated funding deal

State Government funding for public libraries in South Australia is falling short of what's needed to maintain existing service levels and staffing, placing further pressure on one of the State's most heavily used and trusted institutions.

Ahead of the March State Election, the Local Government Association is urging the next State Government to commit to a funding model that recognises the increased public demand, rising operating costs and the expanded role public libraries are facing in communities.

This includes adding annual indexation as part of a new public libraries funding agreement that will ensure existing programs, staffing and other key services remain sustainable in the future.

Under the current agreement, which must be renegotiated, the State Government's annual contribution of \$20.7 million toward public libraries has dropped to \$20.1 million.

LGA is calling to increase funding and include indexation in a new agreement, worth close to \$3 million over the next two years, based on average CPI figures.

Town of Walkerville is asking you to show your support for public library funding by contacting your local State MP, [the Honourable Lucy Hood](#), to let her know why you value the Walkerville Library and want the State Government to continue funding public libraries.
