BUILDING RULES CLASSIFICATION

Sought: _____ Present: _____

If Class 5, 6, 7, 8 or 9 classification is sought, state the proposed number of employees: Male: _____ Female: _____

If Class 9a classification is sought, state the number of persons for whom accommodation will be provided: _____

If Class 9b classification is sought, state the proposed number of occupants of the various spaces at the premises: _____

LAND DETAILS

Current land use: (eg. residential, commercial) _____

Are there any easements? ☐ Yes ☐ No

Are there any regulated/significant trees on the land or adjacent land? ☐ Yes ☐ No

Is there a brush fence within three (3) metres of any proposed building works? ☐ Yes ☐ No

Are there any trees on Council land in the way of works or within 2m of proposed works? ☐ Yes ☐ No

Was the site, to the best of your knowledge and belief, subject to site contamination as a result of a previous use or activity on the land? ☐ Yes ☐ No

CERTIFICATE OF TITLE

Have you included a current Certificate of Title (CT) for the subject land? ☐ Yes ☐ No

Do you want Council to purchase a copy of your CT on your behalf? ☐ Yes ☐ No

Council can purchase a copy of the CT for the subject land from the Lands Titles Office for the fee indicated on the Development Application Fee schedule

NB: Assessment will not commence until a current copy of your CT is provided

CONSTRUCTION INDUSTRY TRAINING FUND ACT

Has The Construction Industry Training Fund Act 1993 Levy been paid?

- ☐ Yes (include a copy of your receipt with this application)
- ☐ No (Payment must be made directly with the Construction Industry Training Board and can be paid online at <http://www.citb.org.au/CITFLvy/Paylevyonline/PayaLevy.aspx>)
- ☐ N/A (If development cost is below \$40 000)

PRIVACY POLICY

I, _____ being the applicant for the development prescribed herein acknowledge that all copies of this application and supporting documentation may be provided to interested persons in accordance with the *Development Regulations 2008*. Information included within this application will be available on Council's website for viewing where Public Notification is required.

Details provided by the applicant, written representations and other technical reports form part of the reports attached to Council agendas. The agenda, minutes and accompanying report is made available on Council's website. Information, including names and addresses recorded in these documents can therefore be searched by the various website search engines.

Name: _____

Signature: _____ Date: ____/____/____

Notes:

DEVELOPMENT REGULATIONS 2008
Form of Declaration (Schedule 5 clause 2A)

**Government
of South Australia**

To: The Corporation of the Town of Walkerville

From:

Date of Application: / /

Location of Proposed Development: _____

House No: _____ Lot No: _____ Street: _____

Town/Suburb: _____

Section No (full/part): _____ Hundred: _____

Volume: _____ Folio: _____

Nature of Proposed Development:

I _____ being the applicant/ a person acting on behalf of the applicant (delete the inapplicable statement) for the development described above declare that the proposed development will involve the construction of a building which would, if constructed in accordance with the plans submitted, not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996. I make this declaration under clause 2A(1) of Schedule 5 of the Development Regulations 2008.

Signed: _____

Date: / /

**Government
of South Australia**

Note 1

This declaration is only relevant to those development applications seeking authorisation for a form of development that involves the construction of a building (there is a definition of 'building' contained in section 4(1) of the Development Act 1993), other than where the development is limited to –

- a) an internal alteration of a building; or
- b) an alteration to the walls of a building but not so as to alter the shape of the building.

Note 2

The requirements of section 86 of the Electricity Act 1996 do not apply in relation to:

- a) an aerial line and a fence, sign or notice that is less than 2.0 m in height and is not designed for a person to stand on; or
- b) a service line installed specifically to supply electricity to the building or structure by the operator of the transmission or distribution network from which the electricity is being supplied.

Note 3

Section 86 of the Electricity Act 1996 refers to the erection of buildings in proximity to powerlines. The regulations under this Act prescribe minimum safe clearance distances that must be complied with.

Note 4

The majority of applications will not have any powerline issues, as normal residential setbacks often cause the building to comply with the prescribed powerline clearance distances. Buildings/renovations located far away from powerlines, for example towards the back of properties, will usually also comply.

Particular care needs to be taken where high voltage powerlines exist; or where the development:

- is on a major road;
- commercial/industrial in nature; or
- built to the property boundary.

Note 5

An information brochure: 'Building Safely Near Powerlines' has been prepared by the Technical Regulator to assist applicants and other interested persons.

This brochure is available from council and the Office of the Technical Regulator. The brochure and other relevant information can also be found at sa.gov.au/energy/powerlinesafety

Note 6

In cases where applicants have obtained a written approval from the Technical Regulator to build the development specified above in its current form within the prescribed clearance distances, the applicant is able to sign the form.

Development Application Fees (from 1 July 2019)			
Lodgement Fees (Excluding Swimming Pool / Spa / Safety Fence)			Sub Total
1.1	Development cost up to \$5,000	\$67.00	
1.1A	Development cost over \$5,001	\$142.50
