Dear Town of Walkerville Residents,

Setting the record straight – Memorial Gardens and the Unnamed Reserve

As Mayor and long term resident of Walkerville, I am passionate about what occurs in the township and I am equally passionate about our Memorial Gardens. I therefore, felt that I could not stay quiet and needed to set the record straight – I am of course referring to a recent flyer titled: ‘Walkerville Council plans to subdivide the Memorial Gardens’. A flyer I might add that is full of false and misleading information and accusations.

- We are not subdividing any land;
- Currently, the Memorial Gardens and the adjacent Reserve is under one management plan;
- The Memorial Gardens are classified as a High Priority Reserve and the adjacent Reserve (unnamed) is classified as a Priority Reserve, similar to all other Reserves around the township, including Mary P Harris Reserve;
- Given the slightly different maintenance classifications presently in place for the two Reserves, we are simply seeking to update the Community Management Plan to reflect our current maintenance obligations and standards;
- We are also seeking to name the adjacent Reserve the ‘William Tucker Reserve’, which will retain its Community Land Status;
- We are proposing to incorporate the Unnamed Reserve into the Parks, Reserves & Open Space Management Plan under the Community Land Register;
- There will be no reduced maintenance of the Unnamed Reserve. It will continue to be mowed at least every fortnight, with garden bed maintenance every three months (similar to the Memorial Gardens);
- The Memorial Garden and Belt Fountain are under no threat;
- Being a High Priority Reserve, the Memorial Garden will always have a greater level of maintenance attention due to its significance to ANZAC & Remembrance Services;
• Council avoids the use chemical application and does not broad leaf spray any of its Reserves, so it is likely that there will be instances where weeds and prickles may appear;

• The Unnamed Reserve has a maintenance schedule similar to other Priority Reserves – which will not be diminished;

• The Unnamed Reserve has an active sprinkler system, which includes irrigation within the Reserve, along the Church Terrace perimeter and the perimeter leading to the Rotunda. We have not actively irrigated the Warwick St perimeter since the time that we had the drought – it is likely therefore that there may be a weed patch due to an uneven distribution of water;

• Council is currently investigating making Warwick St a one-way street with a widening of the footpath. As a result, we have held off reinstating the irrigation system along that the Warwick St Reserve perimeter, should we commence infrastructure upgrades;

• Council recently upgraded the garden bed along the corner of Church Tce and Warwick St [Unnamed Reserve portion], which is an indication that we intend to treat this Unnamed Reserve as a Priority Reserve;

• Once Council has determined what will occur along Warwick St [widening footpath and / or one-way access], we have plans to upgrade the garden bed along Warwick St.

We are also proposing to name the Unnamed Reserve the ‘William Tucker Reserve’ in honour of William Henry Tucker who owned and maintained an interest in several acres of land within the Town of Walkerville. The Tucker family settled in and had been residents of Walkerville from the proclamation of South Australia and were notable landowners in the early years of the township. This is in keeping with Council’s practice to name Reserves after prominent citizens and families – for example: Hawker Reserve (Medindie), Crawford Reserve (Walkerville), Mary Harris Reserve (Walkerville).

I must reinforce that we have no intention to sell, sub-divide or allow residential housing on this site. It will remain protected as Community Land and will be afforded the standard of maintenance that is no different to any other Priority Reserve in the township.

Yours sincerely

Elizabeth Fricker
Mayor
