## RESIDENTIAL PARKING PERMIT - CONDITIONS

### Eligibility for Residential Parking Permit for overstay of time limited parking controlled areas for permit zones (Resident Only)

To be eligible to receive a permit:

1. Only one applicant per residence is permitted
2. An applicant must be a permanent resident at an address located within the Town boundaries.
3. An applicant must submit evidence of residency at the time of application.
4. The property must be zoned residential, or where a residence is located in a non-residential zone an application may be considered.
5. An applicant must have an applicable registered vehicle(s) which is not a truck, trailer, caravan, boat or bus with proof of ownership and registration that the vehicle is linked to the residential address.
6. An applicant must reside in a property alongside which time-limit parking controls apply or permit zone for residential use only (noting that if there are no restrictions on parking within a prescribed area, then a residential parking permit will not be issued).

### Eligibility for a Residential Parking Permit is based on compliance of the conditions set out in the Residential Parking Permit Policy, available on the Council website.

1. Every permit must contain details of describing:
  - a. The type of permit.
  - b. The street to which the permit applies.
2. Permits will be issued in respect to a specific street.
3. Permits are not transferable from one residential parking permit zone to another.
  - a. **Fixed Residential Parking Permits** must be displayed on the lower left hand side (passenger side) of the windscreen or placed on the front dashboard;
  - b. **Transferable Residential Parking Permits** must be placed either on the front dashboard or hooked onto the rear vision mirror
4. Every holder of a permit who changes his or her place of residence shall forthwith remove such a permit from the motor vehicle to which it is linked.
5. Council administration may, by notice in writing, revoke any residential parking permit(s) where:
  - a. The holder of a permit changes his or her place of residence in respect of which the permit was issued, or
  - b. In the opinion of the Council, it is no longer appropriate that the resident(s) of particular street(s) are issued with permits.
6. If an infringement notice for parking in accordance with the permit is received, the holder of the permit is required to make a written submission to Council for the notice to be waived.
7. Failure to display a valid permit is not a reason for Council to waive expiation.
8. Permits cannot override other laws under Australian Road Rules, therefore parking in zones such as No Standing, No Parking, Bus Stops or adjacent to traffic lights, intersections, junctions or pedestrian crossings or any other parking restriction would remain prohibited.
9. The permit will not allow the vehicle displaying the permit to remain stationary in the same position for a period in excess of 24 consecutive hours.
10. Non-compliance with the conditions of permit issue and use may result in the cancellation of the permit.
11. Council administration reserves the right to change the Parking Permit conditions of issue and use.
12. Renewal costs will be documented in the Fees and Charges Register, which is updated annually.
