The Walkerville Knitters have done it again!

The Walkerville knitting group are always looking for a worthy cause to support and the recent bushfires were no different.

Upon hearing of the recent devastation caused by the bushfire they were quick to take on the task of producing a range of wildlife pouches and nests to assist with the current high demand for supplies.

Town of Walkerville would like to thank the Walkerville Knitters and community members who joined them to make these vital products during this time of need.

All completed items are being sent to Animal Rescue Craft Guild for distribution.

Summer Reading Challenge is almost over for another year!

Entries in to the 2019/20 Summer Reading Challenge close this Monday 3 February 2020

All participants are encouraged to submit their completed reading logs to the Walkerville Library before close this Monday. Every completed reading log goes into the draw to win a \$50 Dymocks Adelaide voucher (one voucher for children up to 5 years and one voucher for children 6 years and up). Winners will be notified via telephone.

Open for Consultation

The Town of Walkerville is conducting a period of public consultation the following documents:

DRAFT 2020 - 2024 Living in the Town of Walkerville – strategic community plan

Council's DRAFT 2020 - 2024 Living in the Town of Walkerville – strategic community plan is an aspirational document, which reflects issues that may / will shape our future community and town over a four year period.

We want to hear your views on what is important to you. Do the aspirations and strategies accurately reflect the community's priorities? What projects, initiatives and actions do you think are needed for Council to achieve its aspirations? Is there something that we have missed?

Submissions must be received prior to 5pm on Friday, 3 April 2020.

A copy of the *DRAFT 2020 - 2024 Living in the Town of Walkerville – strategic community plan* is available [here](#).

General On-Street Parking Policy – open until 9 February 2020

The Town of Walkerville General On-Street Parking Policy exists to improve the overall customer experience of on street parking in the Township through accessibility, choice, efficiency and support for the environment. The Township of Walkerville is located on two major transport corridors Main North Road and North East Road / Northcote Terrace. The Township is also adjacent to Adelaide City Council.

As such, parking impacts of the Adelaide Central Business District are experienced within the Township regularly. By virtue of this proximity, the Township experiences parking stress associated with people's changing driving habits, the cost of inner city all day parking. It is recognised that these factors impact on the availability of general on street parking, requiring a robust Council policy that provides strategic direction.

Privately Funded Development Plan Amendment Policy – open until 9 February 2020

Council seeks to introduce this policy to ensure an open and transparent process for accepting private funds for investigations into potential planning policies and / or the

preparation of amendments to the Town of Walkerville Development Plan, including addressing any potential conflicts of interest.

Council further seeks to ensure adherence to the legislated requirements outlined in the *Development Act 1993* for the rationale and processing of Development Plan Amendments (DPA), and in doing so mitigate any risks to Council associated with receiving private funds associated with the preparation of a Statement of Intent and DPA.

Council's Community Engagement and Consultation Policy

The revised Community Engagement and Consultation Policy (Policy) aims to meet Council's obligations under section 50 of the *Local Government Act 1999* and outlines a set of principles that underpin Council's approach to engagement and consultation and its commitment to the community.

The purpose of the consultation is to obtain your views on the Council's revised Policy and to find out how you would prefer Council to engage and consult with you.

Heritage Plaques Grants in the Town of Walkerville

Now Open

The Town of Walkerville has adopted its first ever Heritage Plaques Policy at the 17 June 2019 Council Meeting. As such, Council is touching base again to advise that applications to install a Heritage Plaque are now open.

Heritage plaques showcase the historical significance of buildings that make a valuable contribution to the historic character of Walkerville. The heritage plaques

are not only limited to residential dwellings, but also include a range of buildings, landmarks and statues, plants/trees and kerbing.

Heritage: A site that has been identified in the Development Plan to meet the relevant criteria for Local or State heritage listing, in accordance with the *Development Act 1993* and the *Heritage Places Act 1993*.

The desired outcome for our boutique Council is to highlight our Township's rich and vibrant culture. By increasing the number of heritage plaques in the Town of Walkerville, Council will formally recognise its local and state history, ensuring it is displayed, enhanced, celebrated and most importantly, protected by the appropriate legislation.

Each plaque will identify the property name and may include a short history of the building.

For those properties with limited history, a simple sign identifying it as a "Local Heritage Place" or "State Heritage Place" will be offered.

If you are considering a plaque for your listed property please download a form below and get in touch with us.

Gilberton Transport and Parking Study

The Town of Walkerville has appointed GTA Consultants to conduct a transport and parking study for the **southern section** of the suburb of Gilberton to address issues for transport safety, mobility and access and parking in the local streets bounded by Stephen Terrace, Walkerville Terrace, Park Road and the River Torrens. The orange-shaded area shows the study area.

In order to properly identify and address issues with traffic, transport and parking, the study has various community consultation and stakeholder engagement

activities. Council, with the assistance of GTA Consultants, aims to engage thoroughly with the residents, stakeholders, business owners and visitors to the area to develop a holistic picture of where the issues are and where appropriate and practical improvements can be made. The data collection and other technical tasks start in early February 2020. The study is scheduled to conclude by the end of May 2020.

Your feedback is welcome via a short five-minute online survey, which will be available on Council's website from **Monday 3rd February to Friday 28^h February 2020**. It is accessed from this web link:

<https://www.surveymonkey.com/r/FHBS693>

Feedback received during this period will be used to prepare an issues paper identifying the key areas of concern for traffic and parking within the southern part of Gilberton (south of Walkerville Terrace).

More detailed written submissions can also be sent directly to the study team at this email address: gilberton@gta.com.au

As a valued member of this community, you are also invited to a drop-in session at Town of Walkerville Town Hall at 66 Walkerville Terrace, Gilberton. The session will be held on **Tuesday 25 February 2020 from 5.30 pm until 7 pm**. It will be attended by GTA Consultants with the Council planning and engineering staff in attendance. At this community drop-in session, you will have an opportunity to identify and discuss the issues that matter to you.

You are encouraged to get involved by visiting the following link on Council's website www.walkerville.sa.gov.au/openforconsultation and register your contact details so that you can be kept informed of further engagement and consultation opportunities. You will also be able to track where the project is at and to review discussion papers and draft documents as they are made available.

Expressions of interest - Waste Advisory Group

Walkerville Council is calling for Expressions of Interest from people who would like to be part of a new Waste Advisory Group.

Members of the Waste Advisory Group will be expected to provide expert advice and develop waste management driven initiatives that support the strategic objectives of Walkerville Council and its subsidiary, East Waste.

This is a volunteer (unpaid) role and preference will be given to people who live, work or do business in the Town of Walkerville. Prospective applicants are advised to familiarise themselves with the Terms of Reference which are available from the website.

If you are interested, we would like to hear from you.

Email walkerville@walkerville.sa.gov.au with the subject heading 'EOI Waste Advisory Group' and provide an outline of your experience and interest in waste management.

Or write to us c/-

Chief Executive Officer, Town of Walkerville, PO Box 55 WALKERVILLE 508.

Expressions of interest close at 5pm on Friday 28 February 2020.

Street sweeping helps keep the Township clean

Our street sweeping trucks drive by your street approximately every 4 weeks to keep the gutters clean.

This not only keeps our streets looking clean and tidy, it also helps protect our environment by removing leaf litter and debris before they enter the stormwater system. It also reduces the chance of flooding in the event of heavy rain and importantly clean streets ensuring our roads are safe for motorists, cyclists and pedestrians.

Council also runs seasonal programs as required when there is increased leaf and berry fall. Additional sweeping is also undertaken to manage autumn leaf fall within the Township.

At times impacts from weather can slow us down. Recently the extremely hot weather resulted in a dramatic increase in the number of trees dropping their leaves slowing our sweeper down.

Our sweeper also has to stop to spread materials that have been placed into piles. While we appreciate the efforts of residents to pile leaf litter our street sweepers cannot pick up these piles. Leaving the leaf litter spread in the gutter helps keep our sweepers moving.

Our street sweeping programs are seasonally adjusted to effectively manage the level of risk in streets where issues are present generally relating to street tree litter.

Details about our street sweeping program* are available below.

**The above dates are indicative only. Please note that your actual street sweep date will be within 1 or 2 days of the prescribed date.*

While we make every effort to keep our streets clean year-round, you can help out by doing the following:

- Avoid sweeping leaves or clippings onto the road.
- Do not park caravans, trailers or boats on the road for extended periods.

Council Meetings

An Ordinary Meeting of Council was held at 7.00pm on Monday 20 January 2020.

Matters that were considered at this meeting of Council included:

- Community Land Management Register

After discussion, Council resolved to revoke the community land status from the site – this will now need Ministerial approval.

Council also chose to defer the naming of the reserve adjacent to the Memorial Gardens (cnr Warwick & Church) to allow Administration to present a list of potential prominent names (past and present) for Councils consideration.

- Community Strategic Plan

The 2020-24 draft strategic plan was presented to Council, who resolved to release it for public consultation, with some minor tweaks.

- Policies
 - Council endorsed the Internal Review of Council Decision Policy
 - Council agreed to release the Community Consultation and Engagement Policy for public consultation

The next Ordinary Meeting of Council will be held at 7.00pm on Monday 17 February 2020.
