Planting in the rain – our Community Planting Day was wet and wonderful!

On Saturday, 5 September 2026, around 50 dedicated volunteers braved the wet weather to help plant close to 3,000 native plants along the River Torrens / Karrawirra Pari, behind the Levi Caravan Park.

It was great to see so many community members come together to improve biodiversity, enhance the river corridor and contribute to the long-term health of this important natural environment.

A special thank you goes to local volunteer John Rolls, whose successful application for a Green Adelaide Grassroots Grant helped make the project possible. John's commitment and leadership, together with the efforts of our volunteers and partners, have delivered a significant environmental benefit for the Town of Walkerville.

Between the Stacks

Check out some book reviews from the Walkerville Librarians!
Visit the [library catalogue](#) to place a hold on your next read.

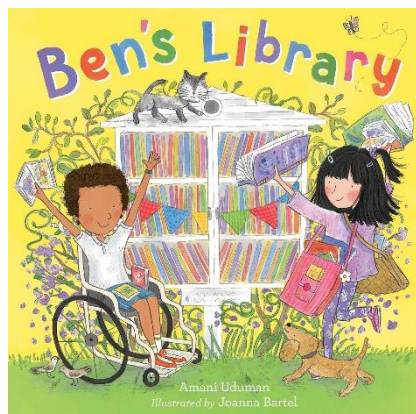

Remarkably Bright Creatures by Shelby Van Pelt

I'm a little late to the party on this one, but *Remarkably Bright Creatures* was well worth getting around to reading. Marcellus (yes, the octopus) was my favourite character by far, and his audiobook voice actor was perfectly pompous and contemplative. I thought this may be a little silly, given one of the central characters is a cephalopod, but it was a thoroughly enjoyable read.

What Have I Done? by Ben Elton

Ben Elton is the consummate storyteller and in telling the tale of his life so far, he is thoroughly entertaining. I absolutely loved this book which covered everything from his personal and professional life to his wisdoms about many things. Highly recommend for a book you can't put down.

Ben's Library by Amani Uduman

This is a lovely picture book that celebrates reading, books, sharing, libraries, friendship and community. What more could you ask for?

Street sweeping helps keep the Township clean

Our street sweeping programs are seasonally adjusted to effectively manage the level of risk relating to street tree litter.

The autumn leaf sweeping program has commenced, in addition to our weekly program. Streets will be assessed week by week from April to July for excessive leaf accumulation. Sweeping will be programmed accordingly in coordination with Council’s contractor to ensure an efficient and responsive service.

While we make every effort to keep our streets clean year-round, you can help out by doing the following:

- avoid sweeping leaves or clippings onto the road; and
- do not park caravans, trailers or boats on the road for extended periods.
